## SUMMARY

Highly motivated MERN stack developer with a passion for building dynamic and engaging web applications.

- Experienced in full-stack web development using MongoDB, Express.js, React.js, and Node.js.
- Committed to staying up-to-date with the latest web development technologies and best practices.
- Possesses strong problem-solving and collaboration skills to work effectively in cross-functional teams.
- Capable of delivering high-quality code that meets the needs of end-users.
- Excited to contribute skills and experience to a challenging role in software development.

## EXPERIENCE

### MERN STACK

SuperTech-Solution I Rawalpindi JAN 2023 - NOW

Developed and maintained a hybrid institutional management system and learning management system using the MERN stack.

- Collaborated with cross-functional teams to define, design, and ship new features.
- Created RESTful APIs using Node.js and Express.js to communicate with the front-end.
- Implemented responsive web design using CSS and Bootstrap to ensure a seamless user experience.
- Conducted code reviews, testing, and debugging to ensure system functionality and performance.
- Deployed the system to production and managed infrastructure using cloud services like MongoDB Atlas.
- Proficient in Git and GitHub for version control and collaborative development.

### FRONT-END DEVELOPER

Freelancer SEP 2021 - FEB 2022

Frontend Development Projects (Clickable Links):

- Project 1: Found.com (Clone)

Project 3: SEO.com (Clone)

Project 5: Final Task - (Certification Project)
- Project 2: Blog.com (Clone)

Project 4: Invozone.com(Clone)

To enhance my skills in front-end development, I independently completed several projects that involved utilizing HTML, CSS, and JavaScript.

These projects have allowed me to gain valuable experience in designing and developing user-friendly interfaces, optimizing website performance, and implementing responsive design principles. By continuously honing my skills and pushing myself to learn new technologies, I am confident in my ability to create compelling and engaging user experiences.
